

MORNSUN®

FOR IMMEDIATE RELEASE

Wide Input 3 Watt DC/DC Converters in Surface Mount Package

February 7, 2011 – Hudson, MA To meet the increased demands of automated production processes and board space constraints, Mornsun introduces the WRA/WRB-LT-3W Series' of surface mount dc/dc converters.

The WRA-LT-3W and WRB-LT-3W products offer 3W of power in a high density 0.93" x 0.73" x 0.33" surface mount package and are ideal for a variety of applications including instrumentation, industrial controls, and telecommunications.

The WRA/WRB Series' accept 2:1 input voltage ranges from 4.5VDC through 72VDC and provide either single or dual, fully regulated outputs of 3.3VDC, 5VDC, 12VDC or 15VDC. A wide operating temperature range from -40C to +85C ensures reliable use in a variety of environmental conditions.

Units feature short circuit protection, low output noise, and a high MBTF of 1,000,000 hours. The Series' use high quality, 100% RoHS compliant materials and are manufactured to Mornsun's rigorous, ISO-9001 quality control program to ensure high product reliability.

Mornsun also has dc/dc converter products that feature 4:1 input ranges, with regulated outputs, in a variety of power ranges and package styles.

Competitively priced, the WRA/WRB-LT-3W Series starts at \$8.00 in OEM quantities with quick turn lead times of stock-4 weeks ARO. Full specifications are available at www.mornsunamerica.com or by contacting our Tech Group at tech@mornsunamerica.com.
